

Honor Flight

On May 29, 2004, President Bush dedicated the World War II Memorial to honor "The Greatest Generation." Regrettably, very few of these veterans have the funds or physical stamina to complete a conventional trip to Washington, D.C. on their own.

It is our intention to honor as many of these selfless "ordinary people who saved the world" as we can by providing them a **FREE** trip to visit their memorial. Our program operates on **donations** from organizations and individuals. We also provide trained "guardians" who personally escort the veterans on the aircraft and accompany them to the memorials throughout the day. Guardians pay their own way. Medical attendants are **NOT** provided.

assist disabled veterans, Honor Flight provides oxygen, wheelchairs and scooters as needed. The flights, deluxe tour bus service, tee shirts, scooters, wheelchairs, oxygen, meals, and other amenities are provided **FREE** to our WWII Veterans.

Every veteran deserves to visit his or her memorial. The Honor Flight Network is determined to accomplish this mission as long as funding and volunteers are available. The terminally ill and WWII Veterans are our top priority, followed by those Korean and Vietnam Veterans who have never been able to visit their memorial.

Our flying season is April through November. During the winter months we continue to expand our operations by conducting fund raising, educating the public, training new guardians, and establishing new hubs across the country.

"We can't all be heroes. Some of us have to stand on the curb and clap as they go by."
- Will Rogers

The mission of the Honor Flight Network is to fly America's veterans to Washington, D.C. to visit those memorials dedicated to honor their sacrifices. Top priority is given to America's most senior veterans – survivors of WWII and any veterans

with a terminal illness who wish to visit **THEIR** memorial.

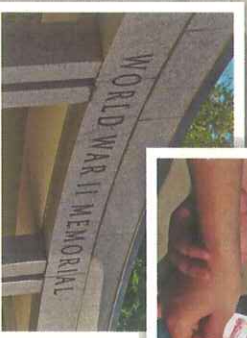

FREE

FACTS

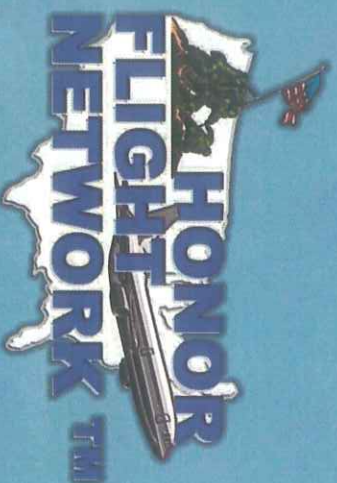

There is an urgency concerning WWII Veterans. Did you know that:

- Approximately 1,200 WWII Veterans die each DAY.
- The average life expectancy for an American male is 74.4 years-- while the youngest WWII Veteran is over 79 years old.
- Sky-rocketing healthcare costs have drained the life savings of most WWII Veterans and their spouses.
- Veterans of WWII have waited over 60 years for **THEIR** memorial. Most of them have been unable to visit it... **UNTIL NOW.**

What Can You Do To Help?

- **Keep us in your prayers** as we organize, develop and grow. We ask for the Lord's blessings of wisdom, safe travel and good health for the veterans and guardians.
- **Help spread the word** about Honor Flight! Inform your local media and fraternal organizations (i.e. American Legion, VFW, etc.) about our program.
- **Help register a WWII Veteran** by assisting with the application. We take veterans in the order that we receive the applications.
- **Assist with development of the Honor Flight Network.** Create an Honor Flight Hub in your area to help us reach out to more veterans. The National Honor Flight Network will assist you every step of the way. We need your help to organize and expand our national program across America.
- **Support our mission** through your donation. Honor Flight Network is a non-profit 501(C)3 organization. Honor Flight receives NO government funding. Honor Flight relies on individual, corporate, and organizational donations. All donations are tax deductible and GREATLY appreciated! However, we do NOT accept donations from WWII Veterans; they have given enough. If you wish to submit a donation, contact information is provided below.
